-Cation & vernacular Primary a
and middle Education The ex
policy of Govt is to make English st
Education a matter purely of Im
State Concern and the transfer
of the Govt half of unchanged
in 1894 did not involve
an extension of municipal
Obligations in this matter
The uses & which the increased
resources of Boards were to be
put are described in the following
extract from the Resolution
Speech which was made
on the same day as the
above Proceedings were passed
viz 12th October 1894

"Thus within one year
municipal Funds have been
benefited to the extent of
one lakh of Rupees at the
expense of the General Revenue
of the State & I hope that this
addition to the resources at
the disposal of the various
Municipal Boards will enable
them to spend largely on works

The orders of 28th May 1894 and 12th Oct 1894 as well as the explanatory notices above quoted clearly show that the policy of Govt is to treat vernacular Education alone as a matter of municipal concern, English Education being treated as a matter of State concern. The I G may be informed that Govt are not disposed to reconsider the orders of 28th May 1894

There is a great demand for English instruction in Taluk schools. Should the Proposal to attach an English section to a few such schools. If not no practicable What the cost of such addl Cost should be would all meet from Provincial Funds? But of this cannot be done the next best thing is to accept the offered contribution instead of refusing

Subd

It is not that Govt have been unwilling to contribute afford to spend the extra 120 Rs a year for each new English class that may be opened. It is the Inspector General that has always been pressing to levy all municipalities under contribution to this dept

The Govt are pleased to direct that the cost of opening English classes or Schools, should, as a rule be wholly met from Provincial Funds except in large Municipalities at District Head Quarters But when the Municipal Boards are able, in addition to providing for Primary Education, to make a Small Contribution towards the Cost of an English Class or School opened in Taluks the Contribution may be accepted

Note

I beg to submit that our poor undrained and ill lighted municipalities already contribute towards education a larger share than can reasonably be expected from them We spend less than 3 p cent on Education from Provincial funds Last year it was 5 Lakhs out of a Revenue of 190 Lakhs & the Municipalities in ~~which English~~ Contribution for English classes as proposed to be levied already pay 7 to 11 per cent of their Revenues for Education The idea of calling upon Hes'y additional to spend 23 per cent of its revenues on Educ^n 12 of wh is to be utilised for English classes is unpleasant not only unlib a liberal but also a fair policy towards these municipalities towards whose Dr Com^rs & Govt stand in loco parentis The respective Govt orders to the Dr Com^rs ~~orders to the~~ direct the Dr respective proposes to open an English class and that he expects a contribution of so much towards the cost from the Municipal Board, the Dr Com^r directs the Member to place the matter before the Board, the Board agree & the thing is done Having regard to the deliberate position of our new regulation Boards it seems to me Govt that be guided

as forcing the relative cost to be borne by Govt & the Board, nor by what the Board is willing to Contribute, but by whether of these can accord a liberal assistance by general & technical considerations of what the Board ought fairly be called upon to Contribute - No doubt as the Secretary has remarked from experience that every Board would gladly Contribute if otherwise the classes cannot be opened - But if they are told that the classes are to be opened whether Contributions exist, their reply will I presume be different

The Secretary to the Government

Sir,

I have the honour to inform you that in October last, I proposed the opening of English classes in connection with the Kannada schools, at Anekal, Nelamangala Malur Naganangala, Heggadevankote, Savagada, Hosadurga, Jagalur and Molakalmuru at a monthly cost of Rs 273 and stated that the Municipal Boards of these towns would be called upon to pay contribution equal to a fourth of the cost of maintaining the English classes The proposal was not sanctioned and I was asked in para 12 of Government Order No 6938 Edn 184 to make a separate reference on the subject after ascertaining from the Municipalities referred to, whether they were prepared to pay their share of the cost I accordingly made a reference on the subject to the Deputy Commissioners of Bangalore Tumkur, Mysore, Kolar and Chitaldrug and from the replies I have received I find that the Municipalities of Nelamangala Savagada-

Hosadrug, Jagalur and Molakalmuru, have consented to contribute towards the cost of English instruction in those stations. The Deputy Commissioner of Kolar informs me that necessary provision has been made in the Budget of the Municipality of Malur to defray a fourth of the Cost of the English classes proposed to be opened there. The replies from the other Deputy Commissioners are still due. Before however demanding any contribution from Municipal Boards I request that definite orders may be passed by Government on the more general question whether the Municipalities should pay any contribution at all towards the expenditure on English instruction which will hereafter be provided in Taluk stations. On this question there are two different orders apparently in conflict with each other. The consideration of the proposal to open English classes, in the stations referred to above, was deferred by Government as it was not known at the time whether the Municipalities were willing to contribute their share. I presume it was intended that contributions should be levied from them. But in para 9 of Government Order No. $\frac{8516-7}{\text{Edn } 230}$ dated the 23rd January 96 passing the Village School Fund Budget, it is laid down, with reference to Government Order No. $\frac{X\ 20267-9}{\text{L Fn } 252-93}$ dated the 28th May 1894, that no contributions can be expected from Municipal Funds towards the cost of English classes at Sargur and Nyamti recently

X Sl 1 Edn 20193

sanctioned by Government I may in this connection state that the Municipality of Negamb has agreed to pay Rs 120 a year as its share of the cost of providing English instruction at that place

Under these circumstances I beg that Government will be pleased to decide whether any part of the cost of English classes to be opened in Vernacular Schools hereafter should be borne by the Municipalities concerned

I have the honour to be
